Top Tips before you start!

1. Please check that all parts are present before you start the assembly of your furniture, as once assembled, the furniture is exempt from our home approval policy.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as indicated on page 1) to assemble your product safely.
4. We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
5. For the protection of your furniture, particularly items of high gloss finish, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
6. During assembly please take care not to over-tighten any fittings, as this may damage the product.

Care and Maintenance of your Furniture

Please periodically check all fittings and re-tighten as necessary.

To clean your item, please use a damp cloth and wipe clean.

Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to de-laminate.

Please do not place hot items (e. g. hot drinks) directly on to the wood surface.

Please do not drag or pull your furniture.

WARNING! IN ORDER TO HELP PREVENT OVERTURNING THIS PRODUCT MUST BE USED WITH THE WALL ATTACHMENT DEVICE PROVIDED

Free Standing Furniture with a height over 600mm

- Use the wall attachment device provided
- Never allow children to climb or hang on drawers, doors or shelves.
- Place heaviest items in the lower drawers or shelves
- Unless specifically designed to accommodate, do not set TV's or other heavy objects on top of this product.
- Never open more than one drawer at a time.
